

# Be a Solar Volunteer in Peru!

with Light Up The World (LUTW) – November 10<sup>th</sup> – 20<sup>th</sup>, 2013

## We're looking for Solar Volunteers to join us in Huancavelica, Peru!

Be a solar volunteer and work alongside LUTW and local technicians installing solar home systems in a remote community in the Andes. Training is included so no previous experience is necessary.

LUTW established its first regional office in Peru to serve the estimated 4 million people in the country without access to electricity. LUTW has been supporting the transition of off-grid families to renewable energy in Peru since 2004 and has prioritized working with partners in the regions of Huancavelica, Apurimac and Loreto – some of the most remote and underserved parts of Peru.

The visit will be facilitated by LUTW staff and local partner, San Javier – an organization that has been implementing programs in communities in the Huancavelica region for over 20 years.

*Extend your trip for 4 days...*

*Visit the ancient Incan city of Machu Picchu, a UNESCO World Heritage site, trek in the Sacred Valley and explore the beautiful city of Cusco after the project. We'll organize everything including accommodation, flights / bus/ transfers, entry fees and guides – contact us for more details!*
